About Us

At Govardhan Accumulators, we envision a future where uninterrupted power empowers industries, businesses, and communities with seamless efficiency. Driven by technological excellence and innovation, we strive to pioneer advanced energy solutions that redefine reliability and performance. With cutting-edge products like the Galleon Tubular Power Packed Backup Battery, we are committed to shaping a smarter, more sustainable world—where power is always within reach, ensuring progress without disruption.

Govardhan Accumulators showcases its engineering prowess and long-lasting backup power solutions.

Since 1996, Govardhan Accumulators has been a pioneer in the power storage industry, delivering innovative and high-performance energy solutions for industrial, commercial, residential, and automotive applications. Our flagship brand, Galleon, represents reliability and advanced technology, offering Tubular Power Packed Backup Batteries for uninterrupted power and automotive batteries with superior cranking power and durability. With a commitment to excellence and sustainability, we continue to lead the industry with cutting-edge, efficient, and long-lasting energy storage solutions that empower businesses and communities.

GOLDPLUS SERIES

| Available Capacity C20 | | | Warranty 72 Months |
|------------------------|--------|--------|--------------------------|
| 110 AH | 160 AH | 230 AH | |
| 130 AH | 180 AH | 250 AH | |
| 160 AH | 210 AH | | |

PLATINUM SERIES

| Available Capacity C20 | | | Warranty 78 Months |
|------------------------|--|--|--------------------------|
| 160 AH | | | |
| 210 AH | | | |
| 250 AH | | | |

Goldplus Seies: Galleon GoldPlus and Platinum Tubular batteries offer reliable power for UPS and inverters. GoldPlus features HV Technology, a 72-month warranty, and nationwide support. Platinum Tubular ensures long life, fast charging, and a 60-month warranty. Ideal for home and office backup.

Platinum Series: Platinum Tubular Batteries offer durability, long life, and reliable backup with advanced tubular plate technology. With a 60-month warranty, they ensure high load handling, fast charging, and low maintenance. Available in various capacities for diverse energy needs.

SOLAR SPECIAL

Maxpower: Galleon Max Power Solar Tubular Battery offers efficient, reliable solar energy storage with advanced German technology, extended backup, and low maintenance. Its durable design ensures long life and environmental safety.

MAXPOWER SERIES

| Available Capacity | | C10 | Warranty |
|--------------------|--------|-----|------------|
| 110 AH | 180 AH | | 100 Months |
| 130 AH | 210 AH | | |
| 160 AH | | | |

INVA SOLA SERIES

| Available Capacity | | C10 | Warranty |
|--------------------|--------|-----|-----------|
| 110 AH | 180 AH | | 60 Months |
| 130 AH | 210 AH | | |
| 160 AH | | | |

Invala Sola-: Galleon Invasola Tubular Battery offers reliable solar energy storage with advanced German technology, extended backup, low maintenance, and eco-friendly ceramic disc float indicators. Available in various capacities.

POWERING PERFORMANCE, DELIVERING EXCELLENCE

GOLD FOR INVERTER & UPS

GalleonGold Jumbo Battery ensures superior performance, durability, and long backup with PE Separator Innovation. Factory-charged for instant use.

- | PE Separator Innovation
- | Factory Charged Battery
- | Longer Back-up Time
- | Ultra Low Maintenance
- | 100% Ultra-Pure Lead
- | Quick Recharge Formulation
- | Ceramic Water Level Indicator

| Available Capacity | C20 | 80 AH | 100 AH | 120 AH | 150 AH |
|--------------------|-----|-------|--------|--------|--------|
|--------------------|-----|-------|--------|--------|--------|

Galleon Automotive Battery

Reliable Anytime, Everytime

The superior build of Galleon Automotive batteries make them resistant to high temperatures in the engine compartment, minimising acid consumption and corrosion.

*Available in various capacities to suit different energy needs.

TRUST THE BEST, POWER THE FUTURE!
